

Safer Internet Day

Tuesday 7th February 2017

Poster Competition

As part of Internet Safety, we will be launching a poster competition! Children will have the opportunity to design a poster using the logo:

Be the change!

The poster needs to give tips on how to stay safe online. The winning poster will go up in classes for the rest of the year.

Please hand the posters in to Mrs Squires by **Monday 27th February**.

Internet Safety Link

You can access our internet safety link through our school website. Click on parents, then e-safety. You will be able to access an overview of e-safety and lots of information of how e-safety can be promoted at home and at school

Online Safety (e-Safety)

Overview

The Computing curriculum aims to equip pupils with the knowledge, understanding and skills to use information and communication technology (ICT) creatively and purposefully. A key aspect of this lies in being "digitally literate". Online technologies play a huge role and so providing a broad and balanced online safety education at each key stage is vital to ensuring that pupils can navigate the online world safely and positively.

Safer internet day is on Tuesday 7th February. Children will be learning all about how to stay safe online. Children's computing lessons for the next 3 weeks will be linked to ways in which we can stay safe online.

Children will also have an assembly to launch Safer Internet Day on Monday 6th February. The assembly will outline the theme and learning around this year's Safer Internet day.
