

# WHITMORE PARK PRIMARY SCHOOL

Halford Lane  
Coventry CV6 2HG

Wednesday 8<sup>th</sup> March 2017

Dear Parents/Carers

## School Nursing Workshop

We are working closely with our School Nursing Team to support families in school. The School Nurse plays a key role in health promotion and works to address and give advice on issues such as childhood obesity, sleeping, behaviour, allergic reactions and bed wetting.

The School Nursing Team would like to run a healthy eating workshop for parents at our school where they will discuss topics including different food groups, fussy eating and healthy food swaps. There will also be information for parents to take away.

Please return the slip below if you would be interested in attending a healthy eating. We will contact with you with dates and times once we have received feedback.

Yours sincerely

Jacqueline McGibney  
Head Teacher
